Twinning agreements

Twin Cities are cities from different countries which have established direct friendship agreements with each other in order to strengthen economic and cultural relations between their peoples. These agreements are meant to initiate and develop the exchange of experiences, bringing prosperity to the life of the communities. This collaboration and friendship plays an important role in the development of each city and is expressed through the exchange of official delegations, artistic and sports groups, the organization of exhibitions, book donations, film presentations, and more.

Sixty years ago, the World Federation of Sister Cities was founded in Aix-les-Bains, France. Today, the headquarters of the organization is located in Paris. Since 1963, World Sister Cities Day has been celebrated annually on the last Sunday of April.

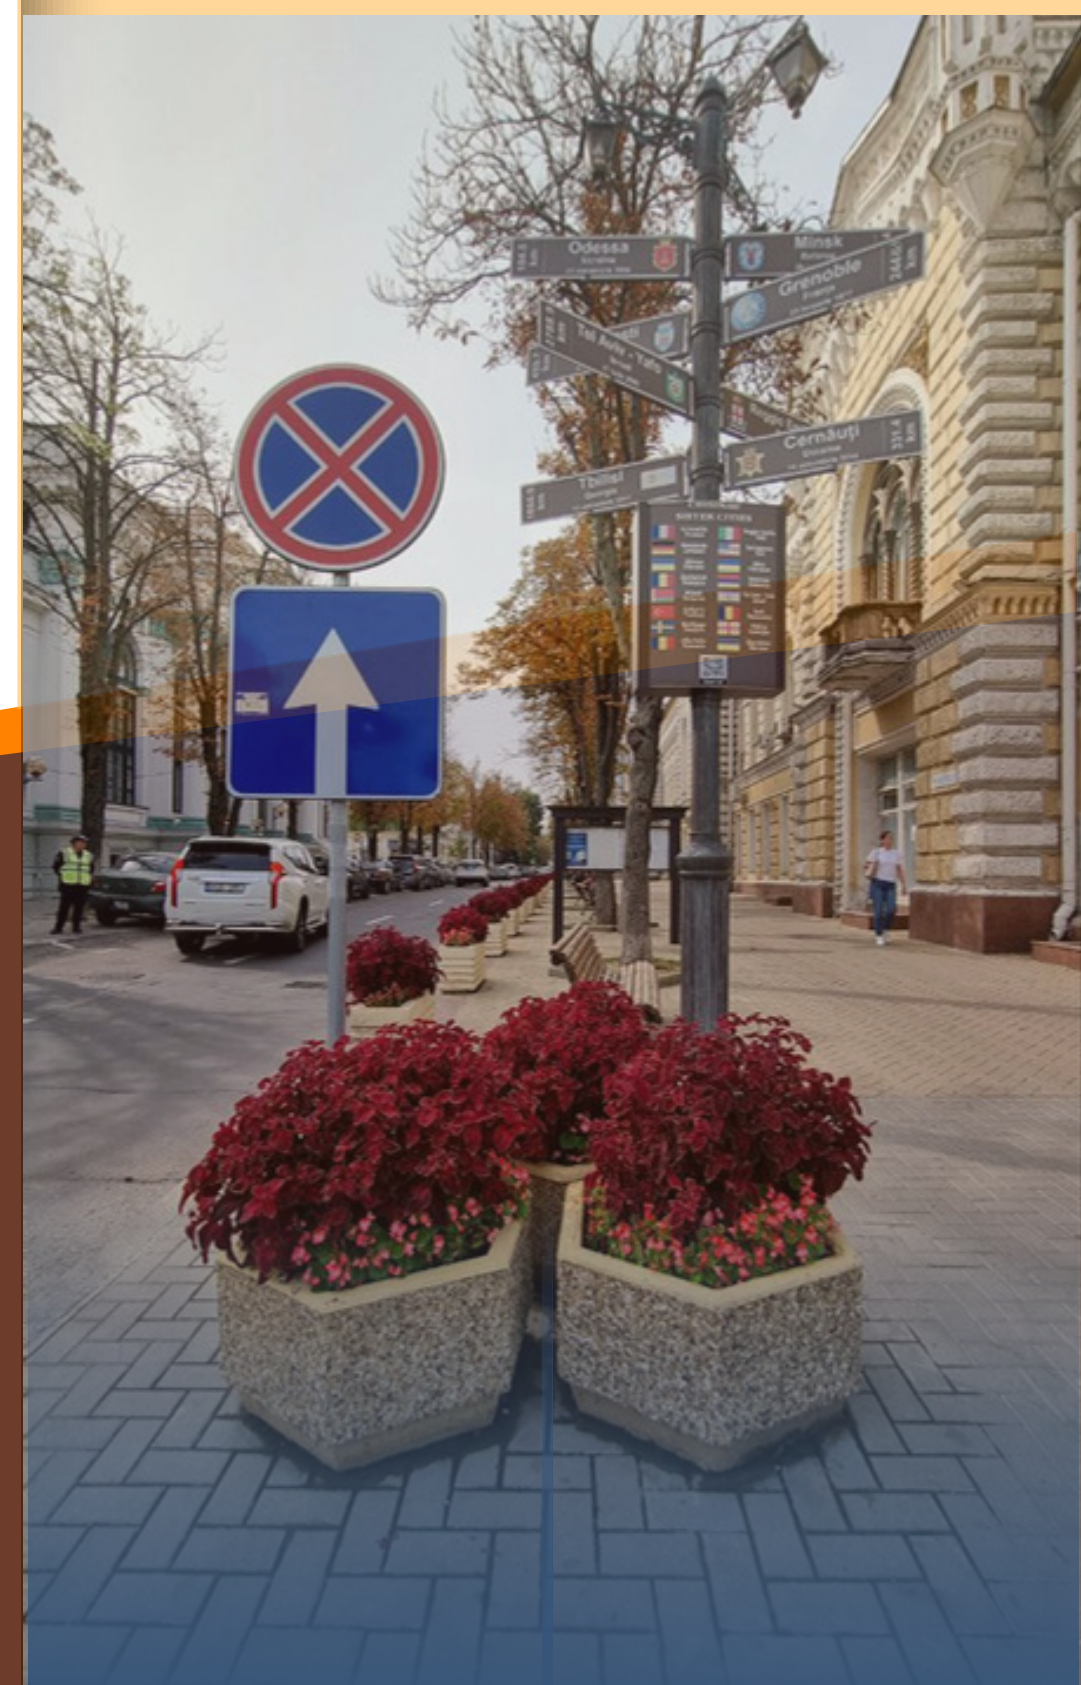

From 1977 until now, Chisinau City Hall and the administrations of all five sectors of the city have established friendship and collaboration relations with 51 cities from 21 countries of the world. The first city with which Chisinau established such relations was the city of Grenoble, France, which occurred on January 25, 1977.

The signing of sisterhood agreements and collaboration protocols is the basis of important projects related to the consolidation of the social and economic objectives of the municipality. The overall aim is the promotion of the common values of the sister cities.

On October 14, 2019, on Vlaicu Pârcălab Street, near the headquarters of Chisinau City Hall, a bronze information pillar was inaugurated with the names of the sister cities of Chisinau.
